Our Team's Service Commitment To Our Customers

- We commit to “work on any electric brand” so that you can rely on us for a one stop service center.
 - We commit to stock all parts standard to electric pivots to give you prompt, on time service.
 - We commit to respond within 24 hours after any weekday call to have your system running after a standard mechanical or electrical breakdown.
 - We have a licensed electrician on staff and install all of our equipment based upon the safest methods.
 - We reward our loyal customers who purchase new systems with a quicker response time that is usually within 2 hours, reduced minimum labor charges and reduced or eliminated mileage charges.
 - We track any call backs to determine if we failed in any way to correct the problem
- the first time and if so we bill only what it would take to fix the problem correctly the first time.
 - Each winter we offer customer service schools to teach you useful basics.
 - We offer an annual “Winterization and Preventative Maintenance Program” to protect and revitalize your center pivot.
 - Our service men are trained and updated each year at a company sponsored service school to make sure they are current with all product changes and needs.
 - Each of our trucks contains the necessary equipment and parts needed to get your system going as quickly as possible.
 - We offer pivot insurance to provide you complete service in one location.

Meet Our Team

Monty Vonasek

Owner/Sales Manager

Monty is a licensed Diversified Agrisurance agent and oversees the pivot insurance for Central Valley. He is also a licensed electrician and a licensed pump installation contractor.

Terry Gerdes

Started the company in January 1980

Terry oversees the service and parts department, and helps out in new system sales, as well as in center pivot repairs.

Steve Sarnes

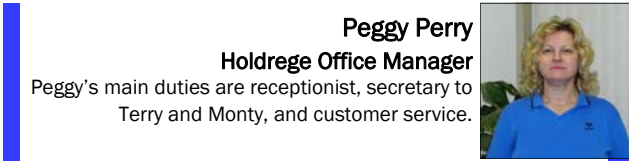

Lexington Manager

Steve comes to us with many years experience in center pivot service, sales and management. Steve is our sales & customer service manager in Lexington.

Brice Thorell

CVE Manager

Brice is the general manager of Central Valley Electric. He is also the maintenance manager for Central Valley Irrigation.

Peggy Perry

Holdrege Office Manager

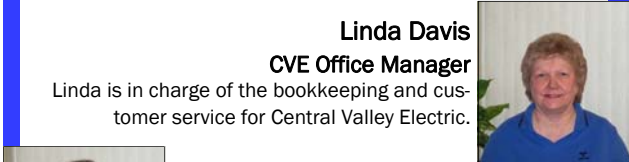

Peggy's main duties are receptionist, secretary to Terry and Monty, and customer service.

Sheli Garringer

Lexington Office Manager

Sheli comes to us with many years experience in the insurance industry. Sheli sells Diversified Agrisurance in our Lexington office. She's our receptionist and secretary as well.

Linda Davis

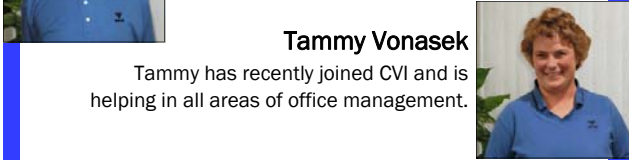

CVE Office Manager

Linda is in charge of the bookkeeping and customer service for Central Valley Electric.

Bill Boyll

Bill is our bookkeeper, in charge of all accounts for CVI.

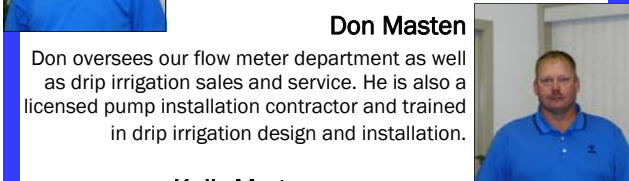

Tammy Vonasek

Tammy has recently joined CVI and is helping in all areas of office management.

Lloyd Schepler

Lloyd's main duties are new system field design, equipment and building maintenance, and parts restocking.

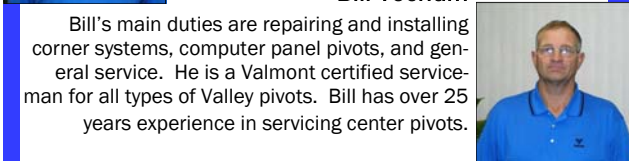

Don Masten

Don oversees our flow meter department as well as drip irrigation sales and service. He is also a licensed pump installation contractor and trained in drip irrigation design and installation.

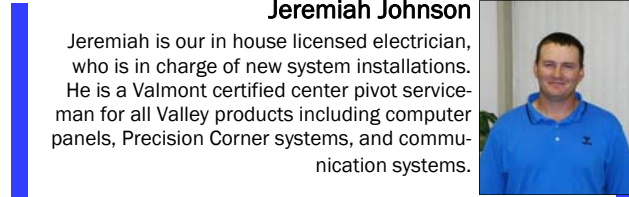

Kelly Morten

Kelly's main duties are center pivot service and center pivot design and sales. Kelly is a Valmont certified center pivot serviceman and Valmont certified in new system sales and design.

Bill Yochum

Bill's main duties are repairing and installing corner systems, computer panel pivots, and general service. He is a Valmont certified serviceman for all types of Valley pivots. Bill has over 25 years experience in servicing center pivots.

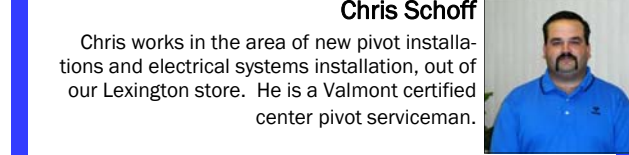

Jeremiah Johnson

Jeremiah is our in house licensed electrician, who is in charge of new system installations. He is a Valmont certified center pivot serviceman for all Valley products including computer panels, Precision Corner systems, and communication systems.

Jason Fiske

Jason comes to us with valuable experience as an electrical lineman. Jason works with Jeremiah's group doing electrical work for new system installations and hookups.

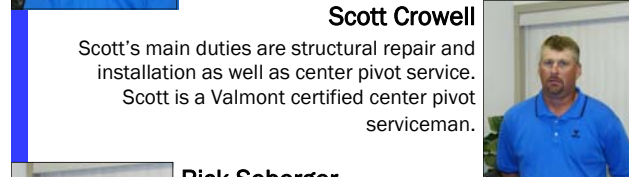

Chris Schoff

Chris works in the area of new pivot installations and electrical systems installation, out of our Lexington store. He is a Valmont certified center pivot serviceman.

Conrad Erickson

Conrad's main duties are underground installation & repairs, welding & fabrication, structural repair, as well as general pivot repair.

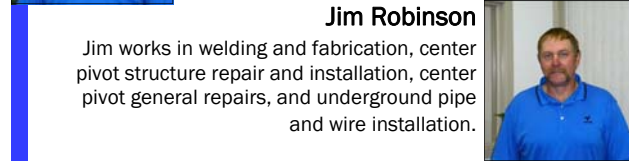

Scott Crowell

Scott's main duties are structural repair and installation as well as center pivot service. Scott is a Valmont certified center pivot serviceman.

Rick Seberger

Rick comes to us with many years experience in center pivot service. He is our local specialist for service in the Lexington office, and has had factory training in center pivot repair.

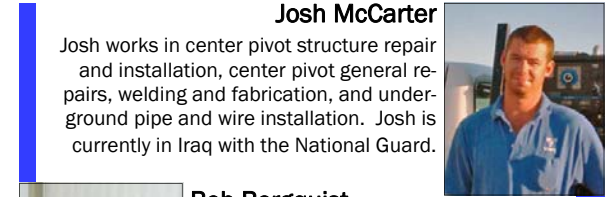

Jim Robinson

Jim works in welding and fabrication, center pivot structure repair and installation, center pivot general repairs, and underground pipe and wire installation.

Matt Benson

Matt works in center pivot structure repair and installation, center pivot general repairs, welding and fabrication, and underground pipe and wire installation.

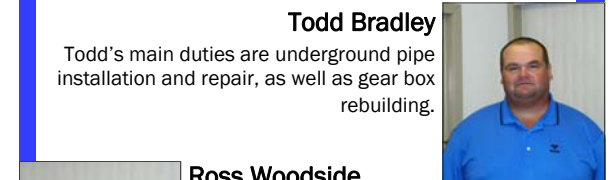

Josh McCarter
